HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbolology under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

PURPOSE: This rule establishes the procedures for issuance and methods for calculation of administrative penalties by the department.

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material, which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in the rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.

(B) An administrative penalty shall not be imposed until the department has issued a notice of violation pursuant to section 701.311, RSMo, to the violator regarding the same type of violation within the calendar year except a failure to provide written notification prior to the onset of a lead abatement project according to section 701.309.3, RSMo. An order assessing an administrative penalty shall state that an administrative penalty is being assessed under section 701.317, RSMo, the manner of collection and rights of appeal.

(C) An order assessing an administrative penalty shall describe the nature of the violation(s), the amount of the administrative penalty being assessed and the basis of the penalty calculation.

(D) An order assessing an administrative penalty shall be served upon the licensee through the United States Postal Service certified mail, return receipt requested. An order assessing an administrative penalty shall be considered served if the licensee verifies receipt. A refusal to accept an order assessing an administrative penalty, or a rejection of certified mail, constitutes service of the order.

(E) The department may, at any time, withdraw without prejudice any administrative penalty order.

(4) Calculation of Penalties. The calculation of administrative penalties may include any of the following four (4) factors: gravity-based assessment, multiple violation penalties, multi-day penalties, and adjustments.

(A) Gravity-Based Assessment. The gravity-based assessment is determined by evaluating the potential for harm posed by the violation and the extent to which the violation deviates from the requirements of the law, associated rules, or licenses.

1. Potential for or actual harm. The potential for harm posed by a violation is based on the risk to public health, safety, or the environment and the degree that the violation undermines the purposes of or procedures for implementing the law, associated rules, or licenses.

A. The risk of exposure is dependent on both the likelihood that humans or the environment may be exposed to lead hazards and the degree of potential exposure. Penalties will reflect the probability that the violation either did result in or could have resulted in a release of lead contamination in the environment and the harm, which either did or would have happened if the release had in fact occurred.

(I) Acute—

(a) The violation poses or may pose an immediate or imminent risk to public health and/or the environment; or

(b) Is a violation specified in the Department of Health and Senior Services Lead Abatement Work Practice Standards Enforcement Manual as Acute Noncompliance. The manual is incorporated by reference in this rule as published May 1, 2009, by the Department of Health and Senior Services and is available on the web at www.dhss.mo.gov or by contacting the department at PO Box 570, Jefferson City, MO 65102-0570, (573) 751-6111. This rule does not incorporate any subsequent amendments or additions.

(II) Significant—

(a) The violation poses or may pose a considerable risk to public health and/or the environment;

(b) The violation has or may have a substantial adverse effect on the purposes of or procedures for implementing sections 701.300–701.338, RSMo; or

(c) Is a violation specified in the Department of Health and Senior Services Lead Abatement Work Practice Standards Enforcement Manual as Significant Noncompliance. The manual is incorporated by reference in this rule as published May 1, 2009, by the Department of Health and Senior Services and is available on the web at www.dhss.mo.gov or by contacting the department at PO Box 570, Jefferson City, MO 65102-0570, (573) 751-6111. This rule does not incorporate any subsequent amendments or additions.

B. Violations which may or may not pose a potential threat to public health or the environment, but which have an adverse effect upon the purposes of or procedures for implementing the law, associated rules, or licenses, may warrant the assessment of penalties.

(I) Minor—

(a) The violation poses a low or minimal risk to public health and/or the environment;

(b) The violation has or may have an adverse effect on the purposes of or procedures for implementing sections 701.300–701.338, RSMo; or

(c) Is a violation specified in the Department of Health and Senior Services Lead Abatement Work Practice Standards Enforcement Manual as Minor Noncompliance. The manual is incorporated by reference in this rule as published May 1, 2009, by the Department of Health and Senior Services and is available on the web at www.dhss.mo.gov or by contacting the department at PO Box 570, Jefferson City, MO 65102-0570, (573) 751-6111. This rule does not incorporate any subsequent amendments or additions.

2. Extent of deviation. The extent of deviation may range from slight to total disregard of the requirements of the law, associated rules, or licenses. The extent of deviation shall be evaluated according to the degree of severity.

3. Gravity-based penalty assessment. Administrative penalties

will be assessed based on significance, acuity, and extent of deviation. The penalty range selected may be adapted to the circumstances of a particular violation.

(B) Penalties for Multiple Violations. Penalties for multiple violations may be determined when a violation is independent of or substantially different from any other violation. The department may order a separate administrative penalty for that violation as set forth in this rule.

(C) Penalties for Multi-Day Violations. Penalties for multi-day violations may be determined when the department has concluded that a violation(s) has continued or occurred for more than one (1) day. Each day shall be a separate offense.

(D) Adjustments. The department may adjust the penalty after consideration of the following:

1. Good faith efforts to comply. The department may decrease a penalty amount if the violator has adequately documented good faith efforts taken prior to a compliance inspection and the discovery of the violation;

2. The amount of control the violator had over the events constituting the violation;

3. The foreseeability of the events constituting the violation;

4. Whether the violator took reasonable precautions against the events constituting the violation; and

5. History of noncompliance.

(E) Payment. Administrative penalties shall be made payable to the Missouri Department of Health and Senior Services in the form of a cashier's check or money order and mailed to the Missouri Department of Health and Senior Services, Attention: Fee Receipts Unit, PO Box 570, Jefferson City, MO 65102. The department may negotiate a delayed payment schedule, installment plan, or penalty reduction with stipulated penalties.

(5) Penalties Assessed. The department shall only impose an administrative penalty, after a notice of violation has been issued pursuant to section 701.311, RSMo, against the violator who has conducted the same type of violation within the calendar year, except a failure to provide written notification prior to the onset of a lead abatement project according to 701.309.3, RSMo. Failure to notify the department prior to the onset of a lead abatement project shall result in a fine of two hundred fifty dollars (\$250) imposed against the lead abatement contractor for the first identified offense, five hundred dollars (\$500) for the second identified offense, and, thereafter, fines shall be doubled up to two thousand dollars (\$2,000) for each additional identified offense within the calendar year.

(A) Acute. Acute violations shall result in a notice of violation and no administrative penalty for the first identified offense, a notice of violation and an administrative penalty of two hundred fifty dollars (\$250) imposed against the regulated entity or individual for the second identified offense, a notice of violation and an administrative penalty of five hundred dollars (\$500) for the third identified offense, and, thereafter, a notice of violation and an administrative penalty of one thousand dollars (\$1,000) for each additional identified offense within the calendar year.

(B) Significant. Significant violations shall result in a notice of violation with no administrative penalty for the first identified offense, a notice of violation and administrative penalties ranging from one hundred to two hundred fifty dollars (\$100–\$250) imposed against the regulated entity or individual for the second identified offense, a notice of violation and an administrative penalty of two hundred to five hundred dollars (\$200–\$500) for the third identified offense, and, thereafter, a notice of violation and an administrative penalty of five hundred dollars (\$500) for each additional identified offense within the calendar year.

(C) Minor. Minor violations shall result in a written warning and no administrative penalty for the first identified offense, a notice of violation and no administrative penalty for the second identified offense, a notice of violation and an administrative penalty of twenty five dollars (\$25) imposed against the regulated entity or individ-

Minor Violations

In 2008 thirteen (13) licensed contractors were cited with multiple minor violations. Administrative penalties are assessed upon the third offense after a written warning and notice of violation has been issued. An administrative penalty of twenty five (\$25) dollars is assessed for the third offense, fifty (\$50) dollars for the fourth offense, and one hundred (\$100) dollars for each additional identified offense thereafter within a given calendar year.

1. Thirteen (13) licensed contractors were cited with three (3) or more minor violations.

A. Five (5) licensed contractors had three (3) minor violations.

5 licensed contractors x (3rd minor violation (\$25))

5 x \$25 = \$125

B. Two (2) licensed contractors had four (4) minor violations.

2 licensed contractor x (3rd minor violation (\$25) + 4th minor violation (\$50))

2 x (\$25 + \$50)

Summations

For significant violations, there is a range for assessing administrative penalties. The range is one hundred (\$100) to two hundred fifty (\$250) dollars for the second identified offense and two hundred fifty (\$250) to five hundred (\$500) dollars for the third identified offense.

Total sum for administrative penalties using the lowest dollar amount per range for significant violations.

Failure to Notify Totals:	\$2,000
Acute Totals:	\$0
Significant Low Range Totals:	\$34,900
Minor Totals:	\$6,225

$$\$2,000 + \$0 + \$34,900 + \$6,225 = \quad \quad \quad \mathbf{\$43,125}$$

IV. ASSUMPTIONS

1. The costs calculated above are based on the number of contractors licensed by the Department of Health and Senior Services (DHSS) and the number of violations cited in the calendar year 2008.
2. There were 160 lead abatement contractors licensed by DHSS in calendar year 2008. 37 of the 160 were cited with violations. No penalties were assessed in 2008.
3. The DHSS does not anticipate the number of applicants each year will increase substantially. The number of violations are anticipated to remain substantially the same or decrease over time.
4. For worksheet calculations the lowest dollar amount per range for significant violations was used. DHSS plans to assess administrative penalties at the minimum value per range unless the contractor's extent of deviation from the statutes and/or rules and history of noncompliance warrant assessing a higher penalty.
5. The data used to determine the number of violations per contractor was presented as a sum for the 2008 calendar year. As a result, a timeline for when each violation was cited could not be determined. Therefore, it was assumed administrative penalties would be assessed once licensed contractors were cited with one or more failure to notify violations, two or more acute violations, two or more significant violations and/or three or more minor violations.
